

KINSHOFER Group: Two year warranty on all attachments

The KINSHOFER Group has introduced a 2 year warranty on all its attachments. To be precise; on all attachments produced by the Group Brands KINSHOFER, Demarec, RF System, Auger Torque, Doherty and Solesbee's. On some attachments and components Auger Torque grants an even longer warranty period.

We want that you can rely on your attachment and be convinced of its quality. For 47 years already, KINSHOFER has been a synonym for best-made tools. Every day our employees and our quality management work hard to achieve the highest possible level of quality. We are convinced of our quality and therefore give that extra benefit at no extra cost.

First-class attachments do excite you doing your daily-job. You simply do it with pleasure. Experience quality and create quality. And if you ever need help, just contact your dealer. He will be more than happy to assist you and give you more information.

The extended warranty applies to all KINSHOFER Group attachments that will be delivered from January 1st, 2018 and this for up to 4,000 operating hours and a maximum of 30 months starting from the date of invoice. No strings attached.
